Recall drill

THE RULE THAT OUTRANKS EVERY OFFER ON THIS SHEET

You quote what is written here and nothing else. If a customer asks something this sheet does not answer, say *"let me confirm that before I tell you wrong"* — and confirm it.

iPhone — two ways to buy.

WE RECOMMEND PREMIUM 2.0 FOR IPHONE 18 PRO / PRO MAX

Premium is the only plan that unlocks the full **\$1,200** — \$270 more than Extra and \$700 more than Value. Say: "If you want the 18 Pro, Premium is how you get the full credit — on Value you'd leave \$700 on the table." Show them the side-by-side, then let them choose.

THE PITCH — FOUR STEPS

- 1 Qualify.** "How often do you like getting a new phone?" Anyone who says "every year" or "when the new one drops" is your customer.
- 2 Explain.** "For \$10 a month on the line, you can upgrade after just one payment — and once a third of the phone is paid off, you get AT&T's best offers on the new one."
- 3 Stack Costco.** "And when you come back here to do it, it works just like today — upgrade fee waived, another \$100 Costco shop card, and \$50 in bill credits on that line."
- 4 Close.** "Want me to add it so next year is a five-minute visit?"

"\$10 more a month? No thanks."

"Totally fair if you keep phones a few years — skip it. It's for people who want the newest phone every year without waiting to pay the old one down."

NEVER SKIP

Say "\$10 a month, per line" out loud. It still applies on the Tiered Offer. Never call it free or included.

Why buying it here is different.

COSTCO MEMBER VIP SERVICE LINE

Activation help, billing, any issue — not the general queue.

(833) 950-4601

"I had a terrible experience with them before."

"I believe you. Here's what's different: as a member buying here, you get the Costco VIP line instead of the general queue. What went wrong last time — billing or the device?"

"I'll just order it online."

"You can — but online there's no \$100 Costco shop card, no waived fee, and a general support number. Here you get all three plus someone who catches a mistake before it becomes a bill."

THE BILL CONVERSATION — FROM THE CUSTOMER RESOURCE GUIDE

Bill 1 — higher

Partial month + first month in advance
+ one-time fees.

Bill 2 — may be higher

Discounts can take up to 3 cycles to
show.

Bill 3 — settled

AutoPay, trade-in and promos applied —
back-dated to bill 1.

Tax holds: a sales-tax hold goes on their card; each device may charge as it ships. Temporary duplicates drop off — they only pay what's owed.

Track & activate: att.com/checkmyorder with the 99- order # + ZIP. Activate at att.com/getstarted — number transfer can take up to 1 hour.
